

Prayer Notes

We can use the prayer notes to keep track of all the different ways we try to pray. Not all the ways will be what you like so its good for you to know what works best for your relationship with God. You don't even have to wait for ideas from us, you can print this off for your own prayer ideas and either keep them for yourself or share with us. We would love to hear about your prayer journey.

Type of prayer _____

What I did _____

Things I liked about this _____

Things I might try differently _____

Marks out of 10 /10
